DEDICATION

In gratitude for your service to us, the Senior class of 1964, we dedicate this annual to you, MR. WILLIAM GRAHAM.

STUDIES

PRINCIPAL

"The mind that is unfree, the mind that is possessed, the mind that is prejudiced, the mind that is indoctrinated or forced does not learn. It copies. Discovery is the true essence of learning. The free mind travels while the unfree simply looks at the maps. The unfree mind locks the doors, bars the shutters and stays at home . . . It is swindled, disillusioned, exploited. It is the stuff that tyranny is made of. It wrote no Declaration of Independence. It built no universities. It had no visions of the great possibilities inherent in the individual."

Individual freedom to think and express oneself is no luxury in which we can indulge. It is a necessity—it is the life blood of a free, democratic society. Yet if we are to enjoy this freedom, we must accept the responsibilities that go with it.

We must recognize and respect the rights and dignity of every other individual. We must recognize and respect the rights of the society of which we are a part. We must have inquiring, resilient minds. We must try to see the world of freedom not only as we see it but as others view it. We must always be students. We must strive to see that the historian will never say of our society and nation that which he said about Carthage:

"A pleasant place, Carthage, no doubt, for business enterprise; a place where young men were taught to get on, and extravagance kept pace with shrewd finance. A self-satisfied place, self-confident, money getting, women loving people, hankering success and hugging their fancied security while in far off Rome Cato pronounced their doom."

Archibald McLeish wrote:

"Ours is a strange time in America.

We do not know for what we wait—

Gale in the elm tops or the dear

Sun's rising on a gentle day—

Evil or good. We cannot say,

Only that the time draws nearer.

Those who wait for time to take them

Find within fulfilling time

Not what they hoped but what they feared.

The bald go toward their time,

They make

Its meaning answer to the mind."

"The secret of happiness is freedom, and the secret of freedom, courage." Thucydides.

SCHOOL BOARD

ENGLISH

Hear no evil; see no evil . . .

Will the real bookworm please stand up . . .

Mrs. Shaw, how did the uggles wuggle?

Mrs. Joy Averett

Mrs. Jeonne Show, **Drama**

Mrs. Rebecca Coleman

English is one of the most important subjects taught and is required of all students. Students are given opportunities for self-improvement through public speaking and drama classes. A better understanding of the English grammar, the works of the world's greatest authors, essay writing, and vocabulary enlargement produces a well-rounded student.

MATH

Mr. William Graham,
Physics

Mrs. Anne Freeman

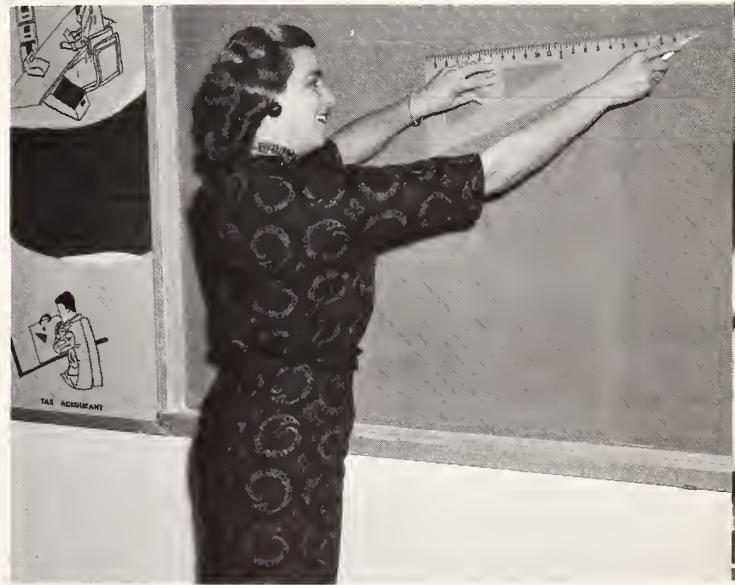

But John, I'm trying to thmink!

I think I'm missing my D-scale.

Mathematics has been called the only pure science and students are given opportunities to explore it as any other science. Beginning with Algebra I and General Math and continuing through Advanced Math and Senior Math, students learn that, despite the complexities, mathematics presents a challenge to the mind and a necessary ingredient for today's living.

SOCIAL STUDIES

Mr. Carter Williams

Mr. Danold Cotten

Yep, here's Mesopotomia, three miles northeast of Raleigh.

Maybe, if I close my eyes,
the little bird will tell me.

Yes, Weejuns are definitely
culture troits!

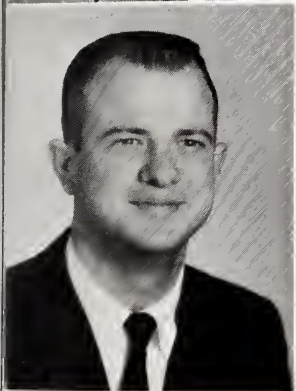

The students at Fuquay Springs High School are exposed to studies of World History, American History, Geography—Government, and Economics and Sociology. Through history trips to New Bern and Williamsburg, students gain an opportunity to relive the past. Geography—Government and Economics and Sociology classes learn to face the problems of today in view of past events.

VOCATIONAL AGRICULTURE

Mr. Fred Hut

Mr. Ben Kittrell

I rise to a point of order!

Keep searching, fellas. It's in here somewhere.

Tool Identification Team.

In our state with many agricultural interests, instruction in vocational agriculture gains importance. Farm management, mechanics, and supervision are all included in "on the job training." Along with instruction in Agriculture, students are instructed in Public Speaking and Parliamentary Procedure.

SCIENCE

Mercy prepares to net bigger game.

Mr. Robert Smith, **Chemistry.**

I think it's about to surface.

Mrs. Morolon Hovilon,
Biology

Girl A exerts a force on Boy B. What force must Boy C exert to maintain equilibrium?

Students are fortunate to have access to a well-equipped laboratory for use in the laboratory sciences, general science, chemistry, and physics. Each student knows the thrill of a successful experiment proving some scientific principle. Science and its related study, mathematics, have become almost essential in our modern world of orbits and medical achievements.

VOCATIONAL HOME ECONOMICS

Mrs. Gladys Farnell

Let's see if it floats!

We can cut off this much
and no one will ever know.

In home economics classes, students cook, sew, learn child care, interior decoration, and other skills necessary to successful homemaking and self-improvement. Home Economics provides, as a vocational course of study, basic knowledge and preparation for a position in our greatest institution, The American Home.

My Junior-Senior dress is going to be madras with a white tulle overskirt.

FOREIGN LANGUAGES

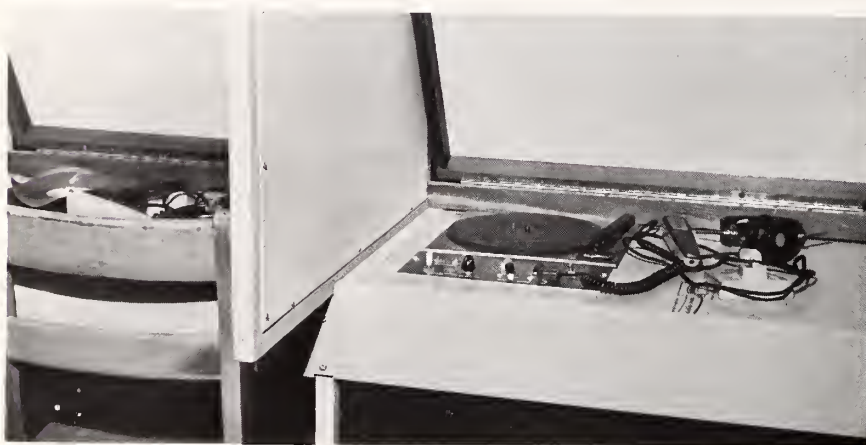

Mr. Walton Sutton, **French**
and **English**

Mrs. Lucille Haddock, **Latin**
and **English**

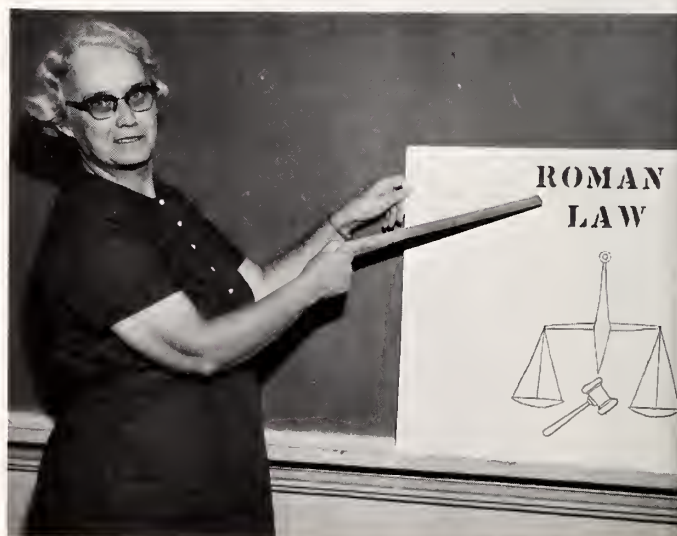

You may be "je parling," but I'm surely not!

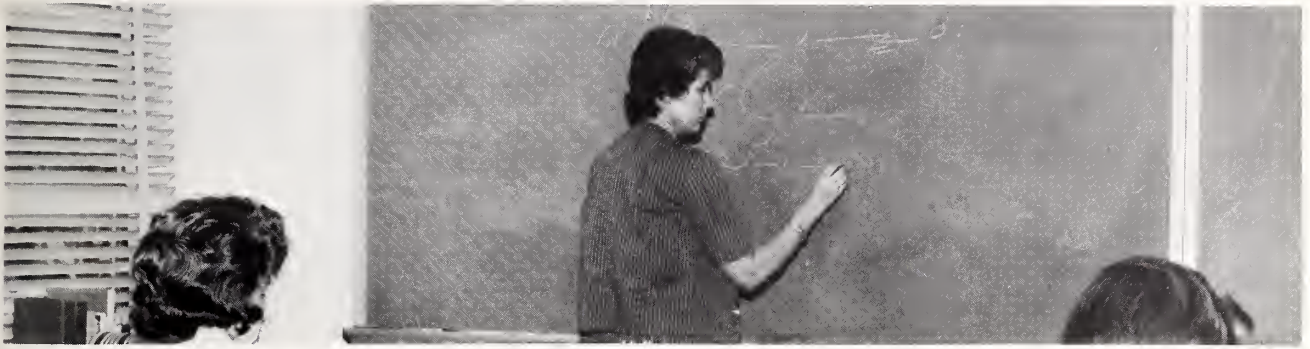

Fuquay Springs' answer to
WKIX

Through the study of Latin and French, students are given an almost free passport to the lives of the ancient Romans and the vast history of France. In our modern world, an understanding of other countries is necessary to world peace. Through language, we gain this understanding and make an effort to insure a peaceful future.

BUSINESS EDUCATION

Miss Carrall illustrates tenth century Chinese script.

Miss Ruth Carrall

Mrs. Doris Ellington

Eureka: A balance of four cents.

And next week, I'll learn
to use two fingers.

In preparation for the harried world of business, Fuquay Springs High School offers courses in typing, shorthand, bookkeeping, business arithmetic, and practice in operating business machines. These skills also aid those headed for schools of business.

HEALTH AND PHYSICAL EDUCATION

In accordance with national emphasis on physical fitness, Fuquay Springs High School's Physical Education Department has also put new emphasis on fitness. In the ninth grade, all students are required to complete a course in health and physical education. In grades ten, eleven, and twelve, physical education is offered as an elective. Through this program, many of the phases of developing athletic skills and healthful habits are developed.

Mrs. Savonne Medlin

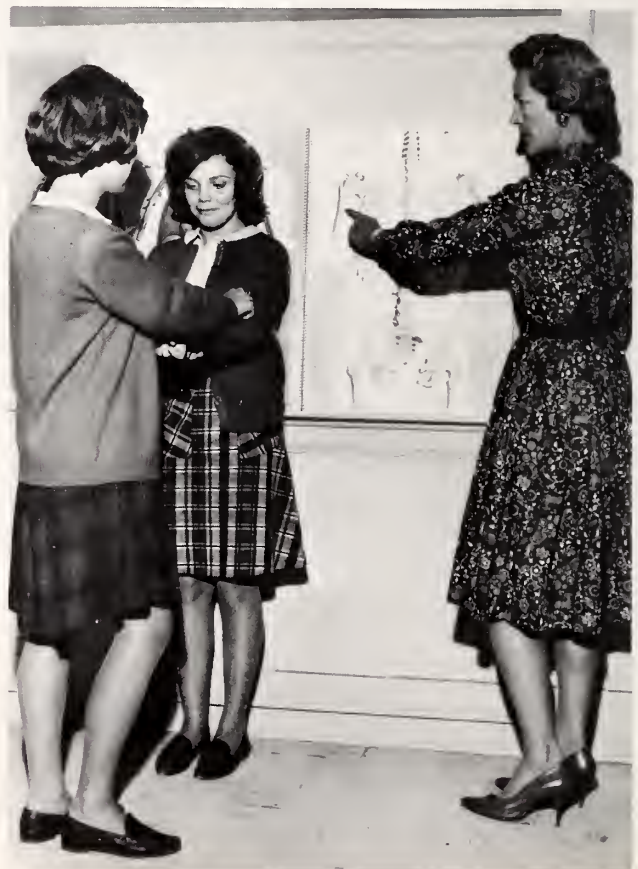

Mr. Tommy Jones

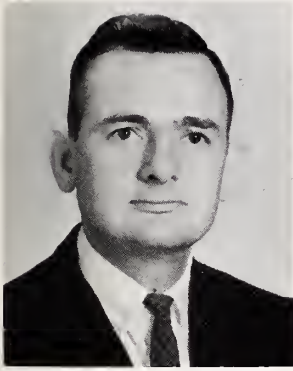

Skip to my Lou!

Yes, Lucille, just follow the dotted line.

MUSIC

Mr. Jim Page
Not Pictured: Mr. Toney
McLean

The Music Department, consisting of the Fuquay Springs High School Concert and Marching Band, and Chorus, provides students with an opportunity to express their interest in and appreciation of music. Just as in other classes, students learn many useful things such as note reading and relationships, and knowledge of different types of music. Throughout the year, the band and chorus give concerts, perform at athletic events, and in many ways give evidence of their learning.

THOSE WONDERFUL YEARS 1961 . 1964

We were frolicking freshmen—

We welcomed Willow Springs—Were led by four girls—Entered those hallowed halls—
Examined at the Health Department—Suffered through P.E.: laps around the gym, cold showers—
Learned mouth to mouth respiration—Wrapped bandages—Slaved for the **Briarpatch**—Trembled
through locker inspection—Danced to the "Rocking Rebels"—Heard the first space flight—We had
Great Expectations—

We were swinging sophomores—

We dissected frogs—"How come a horse is called a horse?"—Proved theorems: obtuses, hypotenuses, therefore—Introduced to Shakespeare—Beat the undefeated Garner: school spirit, Victory chains—Sold (and ate) candy—Took the World History trip to New Bern: the palace, "Walk on the Wild Side", donuts, "Mr. Ed"—Were waiters and waitresses for the "Mardi Gras": sneaking cheese straws, eye shadow, pastel hair—

We had junior jitters—

Were inducted into the Beta Club—Made little tables of value—Did for our dear teacher—Told it to the drugstore—Learned valances, Exploded chemistry lab, Broke crucibles and thermometers—Took notes from Miss Lola: Booze and Debbie Drake—Went to Williamsburg: The Limbo, shaving cream, apple cider, the Great Divide, Battlefields—"Here comes Charlie"—Toiled on the Junior-Senior: tobacco canvas, silver stars, colored lights—Danced through an "Evening in Paris": frothy formals, tuxs, mood music—Retreated to the beach: Sand and Surf, sunburned noses—Took the PSAT—Sat at the Yohanna—Reeked of English Leather—Wore Madras, wrap-arounds, weejuns—Were honored marshals—

And we were seniors—

Proud of our rings—Chose superlatives and mascots—Had sociology discussions—Computed on slide rules—Lived through the medieval period—Cheered through our last sports season—Crowned a queen—Laughed at elephant jokes, Dobie Gillis—Did "The Dog"—Sang with "Hootenanny"—Took the SAT—Made money for our senior gift—Groaned through applications—And looked to the future—

CLASS POEM

VERITAS

In the huge,
 Unkown world outside,
There lies
 An awesome Sphere
Filled with
 Darkness and light.
Its arms
 Hold the Meaning
Which a mere mortal
 Can not simply grasp—
But must stumble alone
 Groping in the darkness—
And, perhaps, by chance,
 Will find the seed.
Yet, every mortal
 Will not reach this summit
For Truth
 Is a particular companion;
And this mass
 Of unknowing souls
Must silently edge
 Their way into eternity.
Only for those
 Who seek and find the Essence,
Shall Truth provide
 Wings for their destiny.

COUNCIL

Rue Ogburn, Borboro Peterson, Sally Cozort, Leigh Johnson, Bob McAuliffe, Don McCouley, Dione Ellis, Tony Dupree, Elizabeth Powell, Anne Adams, Gole Horvell, Tony Jones.

The Student Council is composed of representatives from every high school and junior high school class and all clubs. The Council makes an effort to function for the student body as a whole and not for any one part.

The Student Council sponsors dances, eighth grade Orientation Day, elections, and cooperates with the athletic Department during the year.

Anne Adams, Wilbur Ogburn, Suzanne Keith, Jimmy Meadows, Nancy Stuart, Leon Carroll: **Seated**, Mary Olive John-

son, Galen Elliott, **Co-Chiefs**; Dell Russum, Danny McLean.

MARSHALS

Marshals are chosen in the Junior year on the basis of academic achievement. It is the duty of the marshals to assist at graduation exercises.

Membership in the Beta Club requires leadership, character, and academic achievement. Members are chosen in the Junior year with a minimum quality point average of 3.3 and must maintain a minimum average of 3.1. The Fuquay chapter works closely with the county chapter in sponsoring projects and as an active division of the State Beta Club.

Gaye Elliott, **President**; Phyllis Smith, **Vice-President**; Jennifer Blanchard, **Secretary**; Dell Russum, **Treasurer**; Diane Ellis, **Student Council Representative**.

FUTURE HOMEMAKERS OF AMERICA

Standing: Rue Ogburn, **Student Council representative;** Beth Farriar, **Historian;** Peggy Bell, **Parliamentarian;** Elizabeth Bullock, **Treasurer;** Patricia King, **Vice-President,** **Seated:** Diane Ellis, **Reporter;** Paulette Welsh, **President.**

Future Homemakers of America is a club made up of all girls who take or have taken home economics. In the F.H.A., girls are able to continue their classroom instruction through such things as fashion shows and teas. Our local chapter has worked closely with the county and state chapters of the F.H.A.

The Freshmen Members

The Sophomore Members

The Junior and Senior Members

Through work in the Future Farmers of America, boys are able to make practical application of their classroom instruction. The F.F.A. participates in the livestock show, parliamentary procedure contests, tool identification contests, and livestock judging. This year the officers attended the National F.F.A. Convention in Kansas City.

SCHOOL BAND

The Fuquay Springs High School Band has long been one of the greatest assets of our school and community. Its success can be attributed to enthusiasm, ability direction, and support.

The Band is composed of students from the eighth grade to the twelfth who are all seasoned band members having come up through the ranks from the Beginner's Band.

In the fall, the Marching Band performs at all home football games, at State College Band Day, and in various parades. At Christmas, the Concert Band participates in the annual Christmas Concert, in several Christmas parades. This year, during basketball season, the dance band has continued a popular part of all home games by playing at half time. In the spring, the band gives a Spring Concert. During the year, the Band is asked to compete in band concerts throughout the state and always returns with excellent ratings. In the summer, the Band performs at the Sun-Fun Festival at Myrtle Beach.

The F.H.S. Band serves as a good example of school and what it can achieve.

where there's **NO** SMOKE there's **NO** fire

And that is the unique advantage of flameless electric househeating.

Since there is no flame, there are no products of combustion such as moisture, soot, grime or smoke. Electric heat consumes no oxygen thus insuring a clean, constant, healthful supply of air.

Still further, you gain the distinctive benefit of room-by-room control which only

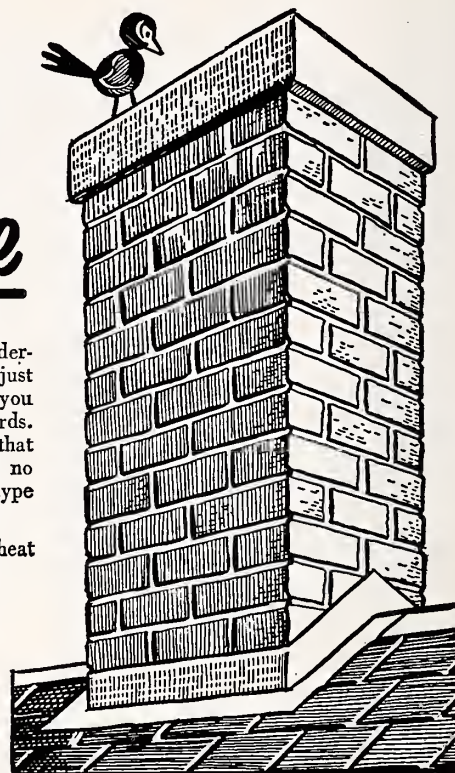

electric heat provides. If you are wondering how it compares in operating cost, just ask your CP&L representative to show you case histories and actual operating records. In this way, you can prove to yourself that flameless electric househeating costs no more than older methods of flame-type heat.

Remember—only flameless electric heat provides matchless Medallion Living.
